Manuscript No. _____

Date of sending:

Author _____

Title _____

MATTER OF THE ARTICLE

Yes No See the comments

1. Is the article suitable for publication in *Vestnik Zoologii*?
(if it is not, the further analysis is not necessary)
2. Is the contribution original and new?
3. Does the title correspond to the content of the article?
4. Is the description of material and methods informative and accurate?
5. Is the discussion logically consistent? Are the conclusions justified?
6. Does the author follow the International Code of Zoological Nomenclature?
(For articles on systematics and taxonomy)
7. Is the text language acceptable?
8. Is the abstract concise and does it correspond to the results described?
9. Do the key-words correspond to the content of the article?
10. Is the text amount justified?
11. Are the references adequate and appropriate?

DESIGN OF THE ARTICLE

12. Are the tables and illustrations demonstrative and informative?
13. Is the spelling of taxa names, scientific and technical terms correct?
14. Are the abbreviations comprehensive?

RECOMMENDATIONS

- The article may be accepted as submitted
- Minor modifications are necessary
- Major modifications are necessary according to the comments
- The article should be condensed and accepted as short communication
- The manuscript should be rejected
